## **DETAILED ACTION**

### ***Election/Restrictions***

Newly submitted claims 21-39 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claims 21-39 constitute distinct and separate species from the originally elected claims.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 21-39 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

### ***Allowable Subject Matter***

Claims 6-8 and 10-14 allowed.

The following is an examiner's statement of reasons for allowance:

Applicant added allowable subject matter to claim 6, the remaining claims depend from allowed claim 6 and act only to further narrow the allowable subject matter of claim 6. The only exception to the fact that the remaining claims further narrow claim 6 is claim 10 which was also deemed to contain allowable subject matter. See office action dated 1/4/05.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

This application is in condition for allowance except for the following formal matters:

Claims 21-39 must be canceled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte* *Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
